Teaneck Community Chorus Vision Statement

The Teaneck Community Chorus reflects the diverse population of Teaneck. Its aim is to be attractive and enjoyable for those participating and to bring the community together in celebration of our diversity. We approach songs from different cultures by looking at the deep feelings behind the songs, recognizing that each one's own culture is not the best culture, but one of many that all have value. The Chorus is interested in a repertoire of compassionate music – music that unites people in good causes and helps singers and hearers feel involved in society.

Acceptance Policy

There are no auditions for singers who wish to join the Chorus. However, because of the group's commitment both to diversity and to artistic excellence, interested singers are asked to submit an application which is reviewed by the Artistic Director and the Admissions Committee. Decisions on acceptance of individual applications are based on the needs of the group in terms of the balance of voice parts and diversity. Applicants who cannot be admitted immediately may be admitted at a later date.

Release for Use of Likeness:

"I give The Teaneck Community Chorus permission to use my likeness (including photographs, videos, or other media) for promotional materials e.g. website and social media without payment or any other consideration."
